Price filter not working screenshot

Description:

The "Filter by Price" feature on the right side menu does not work on either the product list or product detail pages. When a price range is selected, the page simply reloads without filtering any products.

[Add](#)

[Comment](#)

Steps to Reproduce:

Open <https://academybugs.com/store>

11/17/25, 12:12 AM

1350 – Price filter does not apply the selected price range and reloads the same page.

Click “Find Bugs” on the navigation bar

Open any product

Go to the “Filter by Price” section on the right-side menu

Select any price range (e.g., \$0-50, \$50-100, etc.)

Observe the results

Actual Result:

The same page reloads, and no filtering is applied. The product list remains unchanged.

Expected Result:

A list of products within the selected price range should be displayed.
