Currency change freeze screenshot
```

Description:
When changing the currency from the right-side menu on any product page, the website becomes unresponsive. The interface stops reacting and the user must refresh the page to continue.

Steps to Reproduce:

Open https://academybugs.com/store

Collapse All Comments

Expand All Comments

Add Comment

Click "Find Bugs" from the navigation bar

Open any product

From the right-side menu, change the currency

Observe the page behavior

Actual Result:
The page freezes immediately after selecting a new currency.

Expected Result:
The currency should update normally, and product prices should appear in the selected
currency without freezing the page.
